**BESTSELLING AUTHOR OF *ANCIENT SEA VOYAGES* TO PUBLISH FOLLOW UP BOOK**

## **THE TIMES YOU MISS(ED) Volume I**

March 2017, ORLANDO—Big Dog Books, announced today the upcoming publication of a new young adult book by the bestselling author of *Ancient Sea Voyages*, Samantha Dell. The book *THE TIMES YOU MISS(ED) Volume I* is a time traveler's journey through history spanning 50 years from 1940 to 1990. The reader becomes the time traveler and discovers a robust half-century of world history. The book is publishing on June 5, 2017, the same day Dell will embark on a fifteen-state US book tour. The tour includes a mobile museum with interactivity that replicates the adventures from the book. Dell said, "This tour is going to be amazing, the opportunity to spend time with my readers and to educate them in a uniquely interactive way. It's a bit of Dr. Who mashed-up with a historian." While the signing locations are all prearranged, Dell, explains "We have put time in the tour schedule to bring the mobile museum to a school in each book signing city. We are also launching an essay contest to select the schools." Dell went on to explain that the mobile museum became a reality through private donations and a successful GoFundMe campaign.
